A New decade of Hakawy starts this year. I can't believe that we started this journey a decade ago and feel blessed and humbled to start a new chapter with you in this journey. We founded Hakawy International Arts Festival for Children because we believe that every child should have the right & access to arts and culture from an early age, that not only does it broaden their imagination but also enriches their development as human beings.

Uncertainty loomed over us in recent times, with months of isolation and tension all around. We strived to continue our mission of providing artistic outlets for children, especially during those unprecedented times. That’s why we strive to foster a creative space for children to experience different art forms. We are delighted to bring you and your family a special edition of Hakawy Festival this year.
About AFCA

Director Mohamed El-Ghawy founded AFCA Arts Center in 2004 in an attempt to fill the gap in arts education and culture for young people in Egypt and to enhance their creative imagination through various projects that help develop the artistic and cultural scene for children in Egypt.

AFCA's mission:
Educating children from zero to young people age through arts and culture in Egypt without any discrimination in three different languages: Arabic, English and French.

AFCA's main projects:
-Hakawy International Arts Festival for Children
-AFCA Arts School: workshops in the performing arts of theater, storytelling, music, singing, dancing, visual arts and culinary arts.
-Producing children's shows by professional artists
-A theater experience for children on the autism spectrum

أهم المشاريع:
-مهرجان حكاوي الدولي لفنون الأطفال
-مدرسة أفكا للفنون: ورش عمل في الفنون الأدائية من مسرح، حكاء، موسقي، غناء، رقص
-الفنون البصرية و فنون الطبيخ
-إنتاج عروض أطفال لفنانين محترفين
-تجربة مسرح للأطفال على طيف التوحد
When cuddling babies to sleep, you sway them around, rub their backs and kiss their forehead. Before speaking, children create rhythm out of sounds, gestures and movements, we explore the musicality of early childhood in an interactive performance where both the child and the artist create music off each other.

الأطفال على طيف التوحد لا يحتاجون معاملة حساسة فحسب، يحتاجون أيضاً إلى مساحة آمنة يمكّنهم إطلاق العنان لأنفسهم فيها ليكتشفوا العالم من حولهم على وترتهم.

Children on the autism spectrum need more than special care, they need a safe space where they can unleash themselves and explore their surroundings at their own pace.
